

KASIRAJAN

Data Scientist | Machine Learning & Analytics

Madurai, Tamil Nadu, India | Ph- +91 99409 75950 | Mail - doctorkasirajan@gmail.com

GitHub: github.com/Kasirajan93 | LinkedIn: [linkedin.com/in/kasi-rajan-488005349](https://www.linkedin.com/in/kasi-rajan-488005349)

PROFILE

Data Scientist with hands-on experience in Python, SQL, Machine Learning, and data analytics. Strong in predictive modeling, ETL pipelines, time-series analysis, and dashboard-driven insights through real-world projects. Seeking entry-level Data Scientist / Data Analyst roles to apply data-driven problem solving in business and technology domains.

SKILLS

Python, SQL, Pandas, NumPy, Scikit-learn, Machine Learning, Exploratory Data Analysis (EDA), Feature Engineering, Predictive Modeling, Time-Series Analysis, ETL Pipelines, Data Cleaning, REST API Ingestion, Tableau, Power BI, Git, Docker (Basic), AWS (S3, EC2, Lambda – Exposure)

PROJECTS

Live Traffic Congestion Dashboard

Key Skills: Python, Time-Series Analysis, Data Visualization

- Built and deployed a traffic analytics dashboard to analyze congestion trends and peak-hour patterns.
- Reduced manual congestion interpretation time by 63% using automated peak-hour mapping.
- Applied regression and time-series techniques to identify high-traffic zones by time window.

Capstone PhonePe Analytics Project

Key Skills: Python, SQL, ETL, Data Analysis

- Processed high-volume transaction datasets to extract region-wise usage patterns.
- Identified peak payment behavior and merchant distribution for actionable spend insights.
- Designed repeatable ETL pipelines for aggregation and KPI refresh.

Intelligent Resume–Job Matching System

Key Skills: NLP, Embeddings, Machine Learning, Python

- Developed a resume-to-job matching system using embedding-based semantic similarity scoring.
- Improved JD-to-resume relevance ranking through weighted keyword and cosine similarity logic.
- Reduced irrelevant matches by applying semantic filtering and multi-factor scoring.

EDUCATION

Data Science – GUVI Geeks Network Pvt Ltd.

Bachelor of Ayurvedic Medical Science (BAMS)

Dharma Ayurveda Medical College, Sriperumpudur

CERTIFICATIONS

- Data Science Certification – GUVI
- Python for Data Science-GUVI
- Machine Learning Fundamentals-GUVI

DOMAIN BACKGROUND (Health Care):

7+ years of clinical practice as an Ayurvedic Doctor, providing strong healthcare domain knowledge in patient data interpretation, outcome tracking, and real-world problem framing.
